ABOUT ME

I graduated from the University of Papua New Guinea in 2019 and currently serve as the Media Officer and First Secretary to the Assistant Speaker of Parliament and MP for Ambunti Drekikier District Hon Johnson Wapunai. I am known for my former profession as freelance journalist or professionally known as **(Ghost Writer)** since 2019 by many recognized government entities who hired me. These recognized entities I represented had motivated me to formerly develop my freelancing into a media business making myself " my own boss " in my private time since 2022. Since then, I always have an aim to be independent and more creative by using my expertise in mixed media communication.
